

"When Quality Matters"

Ranjo's Inc.

“ Pallet - Pull ”™

Patent Pending

Don't be caught again with a delivery that has your shipment all the way in the front end of the trailer and *the driver has no way to move it to the back!*

- 1) The easiest and most secure way to pull pallets
- 2) There are no moving parts.
- 3) Simply slips in between the slat's
- 4) Removes easily
- 5) Really secure grip on the pallet
- 6) 10' chain so you can reach into a 2-pallet depth.

This will be a big aid in pulling pallets from the back of tractor trailers.

This simple design will stand years of use.
Perfect for delivery trucks to keep on board.
