

"When Quality Matters"

Ranjos' Inc.

PowerBroom™ by **Shindaiwa**

What used to take a whole crew an entire afternoon can now be accomplished by one person with one versatile PowerBroom™. Six interchangeable brushes and up to 1.5 horsepower give you endless capabilities.

The PB270B PowerBroom is designed for continuous, heavy-duty operation.

The PB270 delivers the extra power needed to move a host of materials, hour after hour, day in and day out. Whether your job involves cleanup, material spreading, or surface preparation, the Pb270 PowerBroom can do it faster, more efficiently, and at less overall cost than any other method.

PB270B

No matter the material, no matter the surface, the PowerBroom™ will move whatever you put in its way.

Displacement 1.7 cu. in. (27.2 cc)

Output 1.5 hp (1.1 kW)

Dry Weight 21.5 lbs. (9.8 kg)

Fuel Capacity 22.3 fl. oz. (670 ml)

Sweeping swath 23 in. (584 cm)

Shindaiwa-built premium 2-cycle engines Chrome-plated cylinder 2-ring piston Heavy-duty crankshaft Ball-and-caged needle bearing construction All-position carburetor One-piece electronic ignition for fast, easy starts Forced-air cooling, discharged away from operator Centrifugal clutch Gearcase features fewer moving parts for improved reliability and serviceability Clutch shoes are made of a high-tech composite material -- formulated to resist shock loads. Anti-vibration system

Two-year consumer warranty One-year commercial warranty Limited lifetime warranty on major ignition components
