

## Giant Chalk Boxes (super size)

**Why so big?** It holds a lot of string and a lot of chalk. (Fully loaded the G150 weighs about two pounds). If you're snapping dozens of lines, or need big bold lines provided by the thicker string, grab a Giant and get the job done.

**We have used this chalk box for many years and it is the best !**

### *Advantages*

- "Glovable" grip for cold weather or rough conditions.
- Huge BigMouth® (see below right) opening to ease fill up and a no-leak stopper to keep it shut until you want to chalk up.
- ABS case takes a beating and the Keson orange can be found quickly in the clutter.
- Rewind—Steel crank for long life.
- Recessed handle clasp stores the handle out of the way.
- Our Giants are loaded with a thick, loosely woven polyester cord that holds chalk until it's snapped right where you want it. 1/8th of an inch thick for bold "see it across the room" lines.
